

PSE 2010 - Tutorial 2
Sunday, September 12, 2010, 10:00 – 16:00

Intellectual Property (IP) and Patents on Plasma Surface Engineering

In this tutorial, specialists of the Fraunhofer Society will give an introduction to legal and technical aspects of European patents focusing on plasma surface engineering. The tutorial will be chaired by Günter Bräuer, Fraunhofer-Institut für Schicht- und Oberflächentechnik, Braunschweig (GER).

10:00-10:15	Welcome Prof. Günter Bräuer
10:15-11:00	IP Management Dr. Pia Schoester
11:00-11:15	Coffee Break
11:15-12:00	Practical Approach to Licensing Agreement Gerhard Rall
12:00-13:00	Lunch
13:00-13:45	Patent Research Methodology Dr. Berthold Rager
13:45-14:30	Trends in Patenting Plasma Surface Technologies Reinhold Bethke
14:30-14:40	Coffee Break
14:40-16:10	Patent situation in HIPIMS technology Prof. Günter Bräuer
16:10	Individual Discussion Prof. Bräuer / Dr. Schoester /Dr. Rager / Bethke / Rall
